

### 2023 World Missions Week Missions Offering

The 2023 Missions offering for Deep Impact/DI Kids/World Missions Week at Fort Caswell will go to provide water purification units for Cuba. Cuba is a country struggling to provide clean water to their people.

These units cost approximately \$850 each and are able to purify the water of all bacteria, unhealthy minerals, human and animal waste particles, providing water they can drink and use to cook. By providing these water purification units in communities throughout Cuba, we are also providing an opportunity to share Jesus, the Living Water.

For more information on the 2023 missions offering feel free to contact Rick Trexler at [RickTrex@gmail.com](mailto:RickTrex@gmail.com) or 919.917.4419.
