<td>Team will assist church in cutting, splitting, delivering, and stacking firewood as an outreach to those in their community. Firewood is a major source of heating and many in the community struggle to have enough to get them through the hard Wyoming winters. Opportunity for praying with families and sharing your testimony. The church has members who have chainsaws and trailers, and will work with the team in finding good wood sources for the ministry. Team can also bring some of their own tools if desired, and safety equipment. It is possible that some wood may need to be purchased and it would be great if team could help. Wood is fairly inexpensive in the area if this is needed. Team will need to rent vehicles for travel and sightseeing during the week (Salt Lake City is the closest large airport). Team can stay in the church fellowship hall or possibly the parsonage. Team can use the church kitchen to prepare meals.  <strong>Note:</strong> Team will be responsible for conducting professional background checks on all team members over the age of 18. Team leaders will be sent information from Baptists on Mission concerning options for this.  <strong>(Can be paired with RM24-019 – Vacation Bible School).</strong></td>
